ALLEGANY COUNTY HISTORICAL SOCIETY GENEALOGY FILES
Record Group 16 of the Whiting Archives

SCOPE AND CONTENT NOTE

The genealogical records of the Allegany County Historical Society exist in various forms such as genealogies; excerpts from Allegany County history books; copies of birth records, death records, and wills; news articles; and more. The index was originally compiled in 1977 by volunteer members of *The Genealogical Society of Allegany County, Md.* Files were added during the 1980s and the 1990s through 2007.

Care was taken to retain the original order of the collection. The file is arranged alphabetically by families, then chronologically as material was received. Please examine the column "Other Names in File" for family lines.

A considerable portion of the collection includes genealogies for over 450 families of Allegany County. The main weakness is a few incomplete files. Nonetheless, the collection extensively covers Allegany County's ancestry, and thus provides a valuable research tool for the region's genealogy.
